

As part of our free seminar “Snacks & Learning” training program, we invite you at our offices Mesogion 216 Hologos from **10:00 – 12:00**

On

Friday

18th of November 2011

To attend the Seminar:

“Application Release Automation”

“ Centrally manage application releases in minutes. ”

- **Streamline handover** — Bridge between your applications and operations teams, ensuring worry-free deployments.
- **Improve uptime** — Eliminate faulty processes, errors and failures, accelerate troubleshooting, and cut your service window.
- **Slash operational costs** — Reduce up to 75% of the time and cost required to release and service applications.
- **Accelerate time to release** — Go from hours to minutes to deploy and update even the most complex multitiered applications, improving operational agility.
- **Gain complete infrastructure freedom** — Manage application services across any mix of physical, virtual, and cloud infrastructures.

Please confirm your attendance by emailing us at: seminars@syntax.gr
Alternatively you can call on 210-6543100.
